Dr. E. G. Winnie, dentist.
Office on Telegraph street, two doors
west of Zehner's fruit store. Office
hours from 1 p. m. to 7 p. m.

Chamberlain's Cough Remedy
will cure a cold in less time than
any other treatment. 1st effect is
to loosen the cold, render the
mucus less tenacious and easier to
expectorate, and cause its expulsion
from the air cells of the lungs. It
also opens the secretions, allays the
fever, and restores the system to a
natural and healthy condition.
Sold by G. C. Thaxter.

Mr. C. J. Smith, traveling
salesman for Belford, Clark & Co.,
Chicago, had the misfortune to
sprain his wrist most severely. "I
was suffering great pain," he says,
"and my wrist was badly swollen;
a few applications of Chamberlain's
Pain Balm relieved the pain and
reduced the swelling in one night,
and in consequence my work and
business was not interrupted, for
which I am very grateful. I can
recommend Chamberlain's Pain
Balm from personal experience."
Sold by G. C. Thaxter.

What on Earth

Is the reason people will not, can-
not, or do not see any difference in
cheap nos trums put up by Cheap
John houses or irresponsible parties
at enormous profits, rather than
take a medicine of world wide rep-
utation and one that is giving uni-
versal satisfaction at equal price?
No medicine in the world is giving
such unparalleled satisfaction for
purifying the blood as BEGG'S
BLOOD PURIFIER & BLOOD
MAKER, and every bottle that
does not do its work, will cost you
nothing. W. H. Chedic, Druggist.

How Can Parents

allow their children to cough and
strain and cough and strain say:
"Oh! its only a little cold," and
keep giving them cheap and dan-
gerous medicines, until they are
down with lung fever or con-
sumption, when they can be so
easily relieved by BEGG'S CHERRY
COUGH SYRUP? It has no
superior and few equals. W. H.
Chedic, Druggist.

they wish to try conclusions with
Carson's team.

The colored people of Chico
took a negro out of his house and
horse whipped him for deserting
his wife and family. There is a
good deal of rugged horse sense
about the colored population of
Chico.

Group can always be prevented
by giving Chamberlain's Cough
Remedy as soon as the child be-
comes hoarse. It is pleasant and
safe to take and perfectly reliable.
Price, 50 cents per bottle. For sale

A. S. Smith, former editor of
the Appeal, has been appointed
Postmaster at Marysville. Mr.
Smith is an editorial as well as a
Republican veteran, and has been
a resident of California since the
early '50s.

A correspondent of the New
York Sun says that accurate
knowledge of David H. Moffatt, the
victim of the recent sensational
alleged bank robbery at Denver,
leads him to believe the story a
"fake." If true it is cumulative
proof that truth is stranger than
fiction.

A DOUBLE WEDDING.—George
Winter and Miss Eva Tuttle were
married at the residence of the
groom's father, in Jacks Valley, on
Sunday afternoon, April 7, 1889,
and at the same time Fred L. Smith,
the photographer, secured a lie-
partner in the person of Miss Eva
Tuttle. Rev. George R. Davis, of
Carson performed the ceremony.—
Tribune.

The Tribune is in error; the cere-
mony was not performed by Rev.
Davis.

ANNIVERSARY BALL.—The second
anniversary ball of Eagle Valley Le-
gion, Select Knights, at Oak Fel-
lows' Hall last night was a splendid
success. The hall was well filled
and the handsome, gayly dressed
women and uniformed Knights
formed a picture alike creditable to
the town and order. A delegation
of about twenty Knights were down
from Virginia. Enjoyment was ap-
parent on all sides. The music was
excellent, ditto the supper.

GOING FISHING.—Jas. H. Crook-
well positively closes work at Mar-
ton's gallery Monday evening,
April 22nd. Don't fail to get in
for your portrait work on or before
that date.

GOOD FOR WINDOM.

He Proposes to Resume Coin-
age at the Mint.

The following dispatch was re-
ceived on Friday morning:

TO THE EDITOR OF THE APPEAL:
—Secretary of Treasury assures
Nevada Delegation that he will
order coinage operations re-
sumed at Carson Mint very soon.
The Supervising Architect has ap-
proved of changes in plan of Gov-
ernment building, and has ordered
contractor to be paid for changes.
Wm. M. STEWART.

THE GEOLOGICAL SURVEY.—A
Washington City dispatch of the
11 inst., says the Geological Sur-
vey has at last mapped out the
work which it will perform the
coming Summer in regard to the
investigation of what can be accom-
plished by irrigation of the vast
amount of arid lands of the West.
Major Powell will survey a few
representative localities. The
Truckee river is one. The storage
capacity of the points which fur-
nishes the water for the Truckee
will be examined and surveyed,
and reservoirs constructed; also
the ditches and canals for the dis-
tribution of the waters will also be
surveyed. This will show what
land can be irrigated on the Truckee
when the water is stored. The
cost of the works will also be esti-
mated. This will enable parties
desiring to reclaim the land to
know in advance exactly what
they can do. Major Powell said
that his department will also fur-
nish a Board of Engineers on the
Carson and its tributaries. Sur-
veys will be inaugurated in the
San Joaquin Valley and other
points in California, and also along
the Snake river in Idaho.

EXPLANATORY.—The editor of the
APPEAL presents his apologies to
the sporting fraternity of the Com-
stock, including the Washoe Club
branch of it, for not putting in a
personal appearance, at the prize
fight last evening. He was making
every preparation to go, when his
better half, late posted and observed
that the editor of a paper which
was engaged in a moral crusade
against Sunday fishing ought to
keep away from prize fights for the
sake of appearances anyhow, even
if his natural inclinations led him
to condescend such low sports.

It seemed pretty hard that a
man, who patronized the old,
established field sports of the
sagebrush, even in a professional ca-
pacity without being subjected to
rough domestic discipline.

If an honest endeavor to reform
Sunday fishing is to compel us to
strike an entirely new moral gait
on everything, we shall be obliged
to quit the field of reform.

Cough and Cough! and Cough!!

What in the world is the reason
you will cough and keep coughing
and still keep trying inferior medi-
cines when BEGG'S CHERRY
COUGH SYRUP will positively re-
lieve your cough at once? This is
no advertising scheme, but an ac-
tual fact, and we guarantee it. W.
H. Chedic, Druggist.

TERRIBLE CALAMITY.—The Dan'sh
steamer Denmark has been found
water-logged and abandoned in mid
ocean, having been passed by The
City of Chester. The steamer had
775 passengers on board, all of
whom are supposed to be lost.

CAUGHT A FOX.—Dr. Davison was
called up at 3:30 on Friday morn-
ing, and the result of his profes-
sional labors was a pretty little girl,
presented to Dr. Fox by his wife.
The little stranger weighed seven
pounds and a half.

THEY CLOSE AT 12.—Yesterday
the Supreme Court decided that
the 12 o'clock closing law was
constitutional. The opinion was
by Hawley, the full bench con-
curring.

APPOINTMENTS.—Governor Steven-
son has made the following appoint-
ments: Treasurer Coffin Regent of
State University, vice T. H. Wells,
resigned. E. M. Fellows Paymaster,
John McNaughton Engineer, and
Geo. W. Paltier Insp-ctor, all on
staff of Brig. Gen. Thos. E. Halcy.

THE PINE NUT KILLING.

It is Confessed by a Negro

It was reported here last evening
that a negro in Genoa named
Johnson had confessed the killing
of Balma Celas the French team-
ster in Pine Nut. He said he was
taking wood when Celas ordered
him to quit and on his refusing,
began shooting. Johnson dodged
behind his wagon and when Celas
had emptied his revolver, Johnson
rushed on him with an ax and
killed him. Johnson's version of
the story is not believed.

Mrs. F. D. Stadtmuller, of San
Francisco, is visiting her sister, Mrs.
W. O. H. Martin, Reno.

WE OBEY THE LAW.—The next
lottery drawing comes off on the
16th. Nearly 5000 tickets are held
in Carson, and Reno is lousy with
'em.—APPEAL.

District Attorney Stephens having
notified our people that it is against
morality and law to buy lottery
tickets, it is not believed that any
are held here, except a few that
might have got mixed up in letters
written from San Francisco to
friends here.—Enterprise.

Exactly. The local agents have
ceased to make their percentage.
The San Francisco agents now reap
a larger harvest, and the game goes
on all the same. The anti-lottery
people have not been able to pre-
vent the sale of a single ticket by
their "moral crusade," they have
merely taken the commission out of
the pockets of the local agents and
transferred it to the pockets of the
San Francisco agents. What a long
head for finance these good people
have!

LAND DEPARTMENT DECISION.—
W. D. Harlan, Land and Mining
Attorney, Washington D. C. has
furnished us the following synopses
of decisions of the Land Depart-
ment:

In case of J. P. Masterson, Secy.
Vilas decided that a coal land entry
embracing non-contiguous tracts,
made in good faith and in accord-
ance with the practice then exist-
ing may be passed to patent as
made or so amended as to include
contiguous tracts.

In case of Frederick Kistler, Secy.
Vilas has decided that a preemtor
who prior to settlement or filing,
had in good faith sold that portion
of his homestead which embraces
his improvements and that part
of the land on which he formerly
resided is not within the second
inhibition of Sec. 2260 of the Re-
vised Statutes.

THE METER AND REFINER.—
The appointment of E. B.
Zabriskie as Meter and Refiner of
the Mint is especially pleasing to a
large circle of his old friends here.

Mr. Zabriskie is a man fully qual-
ified for the position, and one of
those old line Republicans whose
Republicanism can always be
fully counted on. He is also an
old soldier and an active member
of Custer Post G. A. R.
